Date of Exception \_\_\_\_\_

*Exception reports ensure that direct care employees are paid in a timely manner for hour's works outside of their regularly assigned shift for which they were hired to work. Employees will not be paid for these hours without the prior approval of their supervisor and the Program Director. Therefore, all employees should not have worked without first getting those approvals. Failure to accurately and completely fill out this form will lead to disciplinary action up to, and including, termination of employment.*
