Comments	All 4 staff both David and Douglas were home today. I requested to David to take a shower due to him having a body odor. But he refused and stated "that he wants to be taking a shower and he is able to without having to shower. So in other words he wants to have a shower that has a showerhead. Douglas called and cancelled his weekly therapy appointment at Kennedy Kravitz due to the weather. He stated that the rain would disrupt his wheelchair. All made work given and documented for them both
